

# EUROPEAN HYDROGEN VALLEYS INVESTMENT FORUM 2025

Following the success of its inaugural edition in 2024, the **European Hydrogen Valleys Investment Forum** returns to **Riga** with even more ambition to accelerate hydrogen innovation for a sustainable future. The event will unite **250 changemakers in the Hydrogen Valleys context**, including leading innovators, project developers, investors, corporates, and policymakers.

**4-5**

**SEPTEMBER  
2025**

**RIGA, LATVIA**

## CELEBRATING SUCCESS

The **2024 forum** was a landmark event that achieved a range of milestones:

- Enabled strategic matchmaking for **30 scale-ups and projects** with more than **40 investors and corporates**, fostering impactful collaborations.
- Showcased **10 European hydrogen valleys**, highlighting regional achievements critical to scaling the hydrogen economy.
- Welcomed an exceptional **lineup of speakers**, including:
  - Viktors Valainis, *Minister of Economics, Republic of Latvia*
  - Grzegorz Jozwiak, *Director, Hydrogen and Synthetic Fuels Department, PKN Orlen*
  - Martins Cakste, *Chairman, Latvenergo*
  - Aleksandrs Parfinovics, *CEO, Naco Technologies*
  - Valerie Bouillon-Delporte, *Executive Director, Clean Hydrogen Partnership*
- Catalyzed **impactful partnerships** to accelerate Europe's hydrogen economy.

## TESTIMONIALS

### Spyridon Economou

General Director @Eunice Group

The discussions at the European Hydrogen Valleys Investment Forum 2024 were truly inspiring, motivating us to work even harder towards a future where hydrogen plays a pivotal role in achieving a zero-emissions economy by 2050.

### Dr. Danica Maljković

CTO @Indeloop

It was an incredible opportunity to pitch in front of potential investors and the hydrogen sector community. The forum was filled with interesting conversations and after hearing so many amazing pitches from fellow innovators, it's clear that the future of hydrogen is bright!

# EUROPEAN HYDROGEN VALLEYS INVESTMENT FORUM 2025

## WHAT'S NEW IN 2025?

Building on this momentum, the 2025 edition will expand its reach to engage more actors across the **hydrogen value chain** who are critical to accelerating the Hydrogen Valleys vision.

This year's **2-day program** is crafted to foster deeper collaboration and actionable outcomes:

### Day 1: Workshops and Roundtable Discussions addressing key topics such as:

- Hydrogen Valley project optimization
- Value chain development within a Valley
- Building bankability into a Valley project
- Maturing stakeholders and supply chain

### Day 2: Top Scale-ups, Project Pitches and One2One Meetings

- Discover **30 of the top hydrogen innovators** as they pitch their breakthrough technologies.
- Participate in **One2One Meetings**, fostering meaningful connections and investment opportunities.

## WHY ATTEND?

✓ **Gain insights** from interactive panels and keynotes by **industry leaders**.

✓ **Explore innovative hydrogen technologies** from across Europe.

✓ **Network with a curated community of changemakers**, driving innovation in the hydrogen sector.
